# Eco-Star Award 2005

## Carbon Busters

### What is an Eco-Star?

An Eco-Star is somebody in your school who works hard to save energy and protect the environment.

Carbon Busters would like to recognize those people in your school who contribute to the success of our energy-saving program.

Nominate a student, teacher or custodian for the Eco-Star Award 2005!

### Who is eligible?

There are three categories for the Award:

- 1.) Students
- 2.) Teachers
- 3.) Custodians

Anyone in your school can nominate that special person!

### Nominating is as easy as 1- 2- 3:

- 1) Fill out the attached nomination form.
- 2.) On a separate piece of paper, describe the person's role and impact on the school's efforts to save energy or help the environment. What has impressed you about the actions of the person? What is he or she doing that others are not?
- 3) Send us the forms.

### What happens next:

Your Carbon Busters team will review all submissions. We will consider:

- special efforts or activities to save energy
- positive attitude towards energy conservation and environmental protection
- ability to motivate or influence others and increase environmental awareness
- willingness to share expertise and knowledge with others.

### Get in touch:

The forms are available at [www.carbonbusters.org](http://www.carbonbusters.org) and at your school office.

You can e-mail, fax or mail us the completed forms no later than February 28, 2005.
